WELCOME TO EBC

Back in 1983 when God spoke to me from this passage of scripture and he said change the name of your church to Light of Life World Outreach Center, all I had to go on was God's word. He said if you call it that, I'll make it that. And he gave me this promise like Abraham. Hallelujah, glory to God! He said I changed Abraham's name and I made him a father of a multitude. His name was Abram, which means "high father". Abraham means "father of a multitude". He said if you will change your name then I'm going to do for you what I did for Abraham. I'm going to make you a father of a multitude. I'm going to let you go to the nations of the world. I'm going to give you a multitude, by faith. So, I changed the name of our church to Light of Life World Outreach Center.

It was a laughing stock of Fairmont. Some of you have heard me say that, because it was a big ole name we had about seventy-five (75) people at the time, a little old church building, with a big ole sign out in the front yard. People around town thought Dr. John was having an ego trip with that big fancy name. You know? But I had a Word from God. And nobody else heard it, but me. So I had to just take the abuse. "You all just don't understand..." was all I could say. "You just don't understand..." God told me to call it Light of Life World Outreach Center and I had to believe according to that which was spoken. I had nothing to go on but God's Word. I hadn't even been out of Fairmont yet! I hadn't done anything outside of

my church yet! And now God said, "You're a World Outreach Center." I said, Hallelujah! I'm a World Outreach Center, praise God, and hadn't been out of Fairmont yet. Before the year was over, I was preaching in Kenya. Before the year was over I'd been invited to Kenya. I preached in Kenya, to full gospel churches in Kenya, to over eight hundred (800) young people in this meeting and it was an awesome revival. That's how Eldoret Bible College began. The rest is history. God spoke a word to me and I didn't have anything else to go on. That was the first step of following Abraham's faith: Believe according to that which was spoken.

DR JOHN & REBECCA POLIS
FOUNDERS & PRESIDENT

Dr. Ben Ambani College Director, EBC

Eldoret Bible College was founded on 12th April 1998 by Apostle Dr John & Rebecca Polis now College president & vice president respectively. The apostle acted on the vision God had given him 14 years earlier while preaching for the full Gospel churches of Kenya in Nyahururu Kenya in 1984.

In summer of 1997, December 8-12 he held an apostolic leadership seminar tapped Leadership 2000, which was graced with former F.G.C.K general overseer late Stephen Kiguru who was a close friend of Dr. Polis ,Deliverance church Eldoret Bsp. Dr. George Gichana and Timothy Bolyard from USA. It was after this conference that Eldoret Bible College was launched and a love offering towards the college was collected. Four months later in the winter of 1998 the college opened its doors and 52 students registered. I was only 19 years old and was privileged to serve in this leadership conference in 1997 and later joined Apostle John in support of his vision to train church leaders.

We leased a facility in Eldoret at the junction of Elgeyo Market & Iten road from ELFAM co. owned by late Hon. Nicholas Biwott. The fees was only Ksh 400 to cater for students meals because the teachers volunteered from the USA in support of Apst. Dr. John's vision and also donated to learning materials. I remember how hard it was to get the students early in class until August of 1998 when Mr 'Boundaries' (nickname for Rev. Charlie Folkart) and things changed for better. Students who reported late on the Monday of the opening day were closed outside the gate and those who failed to enter class on time after break were closed outside the class. This is part of training at EBC to demonstrate that our God is a God of boundaries and both Americans & Africans can keep time. This drastically changed the first time student's behaviour who had confused the college to a church seminar.

Currently EBC is known for boundaries & its promptness on time as compared to other colleges where time is compromised to fit in the 'busy' schedule of ministers of the gospel. We teach our students to be good stewards of what God has entrusted to be within their boundaries: time, talents, thoughts, feelings, other resources etc. the first years under Rev. Charlie Folkart as the director & dean of students at EBC provided the foundation and principles for the college. During this time we offered a 2 year Associate degree program in Bible & theology through Logos Christian College in Florida USA. It was until 2003 that we started offering a bachelor of Bible theology through Florida Beacon College & Seminary USA. Thereafter we moved to West Virginia Christian University USA, but our high demand of graduating students made us to seek our own accreditation through Trans-world Accrediting Commission International in the USA. This body accredits major bible college around the world that seek to maintain their Christian Calling and mission without external interference.

Over the years, EBC has remained faithful to its calling and mandate of teaching church leaders across the fivefold ministry according to Ephesians 4:11-13. Our courses major in Bible about 50%, leadership -30%, Psychology & counselling – 20%. The bible is the centre for all our courses, which helps us to train the spirit man. Even though intellectual knowledge is profitable so as not to offend the modern learned man, spiritual knowledge is more profitable. Over the years,

our goal has been to change the Christian leaders to change the Christian to change the World. We achieve this through our tailored training being offered throughout all our campuses or centres across the country. Ministers of the gospel are given opportunity to attend our 2 weeks program in Eldoret: Certificate takes 1 year, Diploma 2 years, Bachelor 3 years and Masters of Christian Leadership 2 years. For busy marketplace apostles/ leaders/ believers we offer them evening or weekend classes. We believe that, believers at the marketplace are as good as full time ministers.

To understand how God works, it is better to approach ministry from both the spiritual & marketplace perspective. In order to be agent of change in the society and have influence in the Seven mountains spheres of influence, the church needs to see ministry from a more broader perspective, than only from the religious mountain. Most of the change agents aren't able to 'minister' or serve on Sunday morning because they don't have the religious titles and paraphernalia that go with it. All they've got is Jesus and hence the need to be trained to make him known at the marketplace. One can't influence from the bottom but from the top. Hence the need to have marketplace Christian leaders to spearhead influence in the other six mountains: Government, Family, media, Arts & entertainment, business and education. EBC is on the forefront in training the marketplace Christian leaders and our evening & weekend classes have most of the professionals: Engineers, Teachers, Lawyers, IT Specialists, medical practitioners, politicians' etc. and they are being imparted by divine knowledge to bring the needed change.

Once in a year, we hold market place business dinners to share principles Christians can use to influence the society at the market place. In 2017, we gathered ministers of the gospel and business people at the Boma Inn Hotel in Eldoret and Sarova Stanley Nairobi. Such forums give us opportunity to interact and share with leaders who may not have time to attend our classes. In addition we reach church leaders through organized 2 days leaders seminars for informal training in their various churches. Up to now we have reached: Kitale, Nakuru, Kisumu, Ongata Rongai, Kitengela, Matuu, Embu, Meru and Mombasa. Since 2016 we started a 3 days annual leadership conference hosted at EBC grounds which reached 200 leaders. Currently we are reaching 500 leaders and logistics are in place to reach more leaders and make it the biggest leaders' summit in North rift/Western Kenya.

Our student's fraternity have been a great support in this initiative, we are moving from theoretical/ class mind-set to a practical/reality. Dr. John c. Maxwell, whom we have benefited as a college from his wealth of leadership insights says, "Leadership is influence..., if you think you are leading and no one is following, you are just taking a walk". Our students have heeded to this call and are demonstrating year after year that they are men and women of influence from the delegates they refer to this leadership conference. In addition, they have been our foremost ambassadors together with our alumni in referring new students to EBC. Our graduates are different in many ways. Apart from graduating from an apostolic oriented bible college where all the fivefold ministries are recognized and nurtured, they have an advantage of modelling from some of the long standing apostolic leaders such as: Apostle Dr. John & Rebecca Polis, Apostle Dr. Joe Kayo, Apostle Dr. Reinhard Bonke and others. We learn well through modelling and not just instructions.

Our training is not complicated. It is simple and to the point for the person's called in ministry. The college is thankful to God for using our Alumni to contribute to the making of disciples for Christ in different spheres. Some are pastoring churches of thousands, whereas others have planted several churches. Our partnership with other ministries in Kenya such as Joe Kayo Ministries international, Chrisco Church, Deliverance Church, Redeemed Gospel church, F.G.C.K and Worldwide among others has helped us reach many church leaders faster than we would have if we were alone. The college has remained to be interdenominational and affordable to enable many ministers of the gospel train without the feeling of being diverted to another denomination. If you are looking for a college to train your leaders as an overseer look no further, Eldoret Bible College is the place to train for tangible results in ministry.

BACKGROUND

OF ELDORET BIBLE COLLEGE

BACKGROUND OF ELDORET BIBLE COLLEGE

Eldoret Bible College (EBC) was founded in the year 1998 by Apostle Dr. John Polis (now founder and the college president) with the aim of training Gospel ministers who have a call to the Five Fold ministry and church leaders who are dedicated to fulfilling the great commission and the calling of God in their lives. Eldoret Bible college exists to teach that all truth is being restored to the Church (Acts 3:21) from justification by faith, to Five Fold ministry and everything in between. The college directors are: Dr. John Polis, Dr. Rebecca Polis and Dr. Ben Ambani.

Eldoret Bible College is committed to spiritual training and development of all Christian leaders with a calling to full time ministry as stated in Ephesians 4:11. It does this by providing high quality and affordable Christian education. The college has majored in developing Christian leaders in order for them to change the Christian who will in turn change the world for Christ. To achieve this, E.B.C is guided by the following objectives: To help church leaders acquire affordable, high quality, spiritually balanced Christian Education, to help Church ministers study the word of God and to "show themselves approved, workmen who are not ashamed, rightly dividing the word of truth" (II Timothy 2:15) and to prepare, equip and impart an anointing to Christian leaders for the fulfilment of the great commission (Matthew 28:19-20)

Eldoret Bible College curriculum addresses three major areas which are relevant to Gospel ministers and church leaders as Theology, Leadership and Psychology.

In order to meet the needs of busy Church leaders, EBC programs are split into three trimesters in a year and are offered in any of the following modes: Holiday classes which run in April, August

and December; Non-Holiday Classes running in Feb, June and October; Evening classes and Distance Learning Programs.

Eldoret Bible College campuses are spread across the country in the following places: Eldoret Main campus located off Nairobi road 7Km from Eldoret Town after Moi University school of Law Annex; Eldoret Town Campus at Khetia Plaza, Ronald Ngala street, 6th floor right wing; Nairobi Campus, (EBC in partnership with Joe Kayo School of Ministry), View Park Towers, 7th floor room 6; Nairobi Woodley Campus at Chrisco Central Church Woodley, Kitengela Campus at Linnex Guesthouse Building, 3rd Floor , Kitale Campus and Nakuru Campus.

The college has currently (by 2018) graduated about 1, 285 students across Kenya and Africa with their various degrees upto including Masters in Christian Leadership, Bachelor of Bible Theology, Diploma in Bible Theology and Certificate in Theology.

An aggregate of about 1, 500 students have gone thru the college taking/ having taken their respective courses, with about 600 churches being planted so far by EBC graduands. Scripturally based and balanced, E.B.C courses are accredited in the United States by our affiliate college; Trans-World Accrediting Commission International.

COURSE REVIEW

INTRODUCTION

This chapter deals with a review of the courses that are offered at Eldoret Bible College. It samples out some few courses that are taught in Certificate, Diploma, Bachelors and Masters levels and centres around Theology, Leadership, Counselling and Psychology.

CERTIFICATE IN THEOLOGY

GOD'S GOVERNMENT OF THE LOCAL CHURCH

The concept of government is God's idea and therefore should be understood. Government is in every area of life and the purpose of it is accountability. There are three governmental institutions that God has established and these include: Civil, Church and family governments. In Civil government, there is accountability for actions in the society, in Church and Family governments, there is accountability for God's will to be done. God has outlined in His word how these institutions should be governed.

This Church Government entails at enabling the student to understand what Biblical government is and especially how it should be seen in the local Church under God-ordained and scripturally qualified eldership. It covers in its entirety the two official church offices of Elders and Deacons.

BIBLE SURVEY

The Bible is the word of God and an authoritative guide to knowledge about God, man and the world. It was given by the inspiration of God. Bible survey course gives a basic background of each book of the Bible, the author, date of writing, purpose of writing and the key verse/s of each book. Bible Survey course seeks to widen and deepen the students' understanding of both the Old and New Testament. It helps to give the student a survey through the Bible and an understanding of the key books of the Bible.

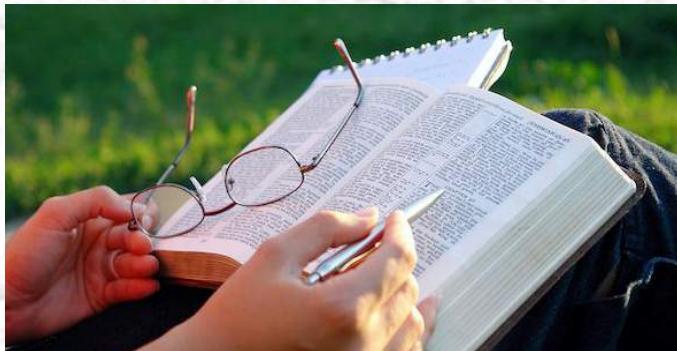

DIPLOMA IN BIBLE THEOLOGY

COVENANT

Blood covenant is the basic theme throughout the scriptures. The course on covenant is a study of God's covenant and the covenant that He initiated with man. This is the foundation of God's plan for the redemption of Man. It begins with the Adamic covenant and becomes fulfilled in the new covenant through Jesus Christ. In this course, covenant is defined, man's state in and out of covenant with God is illustrated, the various covenants God enacted upon man are described. The course aims to increase one's relationship with the Father God through a deeper understanding of His Covenant.

UNDERCOVER

The kingdom of God is a theocratic government with the rule of God through His delegated authorities. It is ruled by a King, and there are rank, order and authority. The laws of the Kingdom are not superseded by, or subject to, popular opinion, voting or polls. God is pleased with submission that leads to true obedience. The purpose of this course is not only to reveal the importance of submission to God's authority, but also to create a love and passion for obedience to it. Where there is no true submission to God's authority, the door is opened to subtle and great deception.

BACHELOR OF BIBLE THEOLOGY

BIBLE DOCTRINES

Bible Doctrines course teaches on the Doctrines of the Bible and its fundamental truths arranged in a systematic way. It defines what Doctrines are and its importance in supplying the need for an authoritative and systematic statement of truth, without it, man drifts aimlessly through life, not knowing who he is, where he came from and where he is going. The course also teaches on the foundation and the Doctrine of our Christian Faith citing the Bible as God's infallible word and that all Scripture is God breathed.

There is great need in the 21st century to teach Bible Doctrine and Christian foundation in a society that is eroding with worldly passions and desires. Ignorance and failure to teach and apply its principles is the greatest problem that is facing the Church of Jesus Christ today with mushrooming cults and Religious beliefs that are taking the World by storm.

BOUNDARIES

God is a God who sovereignly sets both natural and spiritual boundaries for all relationships (Ex. 23:31-32), communicates the consequences for violating those boundaries, (Ex. 23:33) and enforces those boundaries (Is. 42:22-25). Boundaries are essential for self-definition and for good stewardship of the life and gifts that God has entrusted to us. God expects us, who are recreated in his image and likeness, to know, embrace and walk in His boundaries, both natural and spiritual. Ignorance of godly boundaries, failure to set appropriate boundaries at appropriate times with appropriate people, failure to communicate those boundaries to others and failure to enforce those boundaries is one of the most serious problems facing Christian ministers and Christians today. This course "presents a biblical view of boundaries: what they are, what they protect, how they are developed, how they are injured, how to repair them and how to use and purpose them. The goal of the course is to help the student develop and use biblical boundaries appropriately to achieve the relationships and purposes that God intends for us as His children. The course helps the student to know what boundaries are and do, comprehend the various types of boundaries, know what God has ordained to be within our boundaries, learn accountability for stewardship of what is within our boundaries, grasp the main types of boundary problems, know how boundaries are developed, familiarize himself/herself with the ten laws of boundaries, understand some common boundary myths, know how to handle boundary conflicts with: family, friends, spouse, children, work, self and God.

LEADERSHIP DEVELOPMENT

One the greatest need in the church is the need of raising a generation of leaders. Leaders are people whose lives are giving others something to follow. As we look into the life of David, we will discover some principles worth emulating.

The book of proverbs 4:20-23 gives us a clear understanding. What is in your life is determined by what is in your heart. Your heart determines your attitude in life. Your heart determines the success of your life. The direction you take in life is determined by what is in your heart. No matter what is happening around you, your life is built by what is happening in you.

We need to understand that leadership starts in the heart. If you want to develop as a leader it needs to start inside you. Many people have wrong things in their hearts, this affects their whole lives. This course of study includes a textual study of the passages of scripture that describe David's life. I and II Samuel and I Chronicles. It also examines principles and characteristics of leadership and Christian living found through the life of David and those of whom he interacted.

OVERCOMING THE DARKSIDE OF LEADERSHIP

There have been and continue to be significant leadership failures in the Christian Church. There is a paradox; the personal insecurities and other dysfunctional behaviours that drive people to become successful leaders often precipitate their failure. What are the causes and results of these failures? Can they be prevented? Actual leadership failures in the Body of Christ are examined in this course. Causes of such failures are analysed, preventive measures are discussed. Students assess their own leadership dark side, its causes, consequences, prevention and removal in Christ. The course and teaching notes are taken from Gary L. McIntosh and Samuel D. Rima, Sr., Overcoming the dark side of Leadership, Grand Rapids MI, Baker Books, 1997. The authors do an excellent job portraying the natural process of dark side development and consequences. They also

address some of the spiritual issues involved. The course helps to see how natural and spiritual issues blend together, both in creating the problem of darkside in leadership and in how to get its solution.

MASTERS IN CHRISTIAN LEADERSHIP

THE LQ SOLUTION

The LQ measures your ability to positively impact others to achieve your destiny, purpose and mission in life. This class helps to destroy wrong mindsets that hinder you from living a life of success, significance and kingdom impact. While your IQ (Intelligence Quotient) and EQ (Emotional Quotient) contributes to your maximum potential, your LQ determines how much of that God-given potential you actually put to use in your day to day activities. This course helps the leader to develop his/her LQ which is the significant and primary predictor of the size of your influence, impact and income.

PUT YOUR DREAM TO THE TEST

The difference between a dreamer and an achiever who achieves his dream lies in putting the dream into test by answering some ten powerful and critical, yet straight forward questions. Whether you have lost sight of an old dream or you are searching for a new one within you, this course provides a step to step action plan that you can start using to see, own and reach your dream. Dr Maxwell (1971) draws on his forty years of mentoring experience to expertly guide the student through the ten questions and answers required of successful dreamer.

SUMMARY

Eldoret Bible College endeavours to give quality courses in all the levels of learning in its mandate of changing leaders to change the Christian in order to change the world. With the courses offered, there is an opportunity for an impartation of knowledge and anointing which comes with revelation for transformation

TESTIMONIES

**LEONARD KARANJA MUTURI
ELDORET MAIN CAMPUS STUDENT LEADER**

ELDORET BIBLE COLLEGE has been an all-round blessing to me. Taking personal retrospection to the current status a vast difference. Spirituality, socially and even morally am a different person for the glory of God. It's a world class campus, the humble, magnanimous lecturer .Jeremiah who has handled many a student were are proud of him. Not leaving behind Our visionary man, Dr Ambani Ebc will soar high. To God be the glory. We owe Christ to spread the gospel having acquired all that from ELDORET BIBLE COLLEGE. Immediately am through, to bring my associates forthwith. Shalom

**MILICENT ACHIENG AWUOR
KITENGELA CAMPUS STUDENT**

EBC is the place to be. Since I joined Eldoret bible college, my talents have been enhanced. I can as a leader, now stand with alot of courage and be able to articulate my objectives and also set my boundaries. I am grateful to the college directorate that has endeavoured to ensure quality delivery of programs. Our lecturers too have studiously ensured that students get value for their money by delivering quality coursework on time. I particularly wish to mention the praise and worship segment that stood out and I can attest to it that it changed My way of worship. Thank you EBC for enhancing my leadership skills

**PAUL NDIRANGU MUGAMBI
NAIROBI WOODLEY CAMPUS STUDENT**

Hi
This is my brief testimony hoe EBC has impacted in my personal life
After being born again in 1983, it never occurred to me that one day I could ever be a Pastor. My involvement with Church ministry was a birthed after finishing college and later starting work in 1990, when my employer posted me to Kakamega as a junior engineer. Upon landing in Kakamega with a strong zeal for Christ, several people got born again and from 1991 I led the house fellowship of these young believers which later grew into the current Kakamega Chrisco Church with over 100 members by 1993. But I was just but a youth with no training only armed with my pairs of jeans and the zeal of the Lord.

Fast forward ... after ministering for many years without any formal theological training, in 2008, I found, myself serving under Presbyter (Bishop) Jeremiah Mugala at Chrisco Central Church at Woodley, Nairobi. My Presbyter later enrolled in Eldoret Bible College and immediately I began to see him increase in Bible knowledge and his leadership skills were positively transformed before our very eyes. I enrolled in EBC in June 2017 and I was amazed at the quality of the teachings. The lessons are beyond academic but has ministered to me in every area of my personal Christian life. Lessons like 'Boundaries' has helped me to know how to set healthy boundaries. 'Homiletics' has helped me to preach impactful and well-structured sermons, and 'Overcoming the dark side of leadership' has helped me to identify and deal with my dark side which I have been living with but with total ignorance

In my professional life, I am both CEO and General Manager of two award-winning technology companies and the knowledge from my studies at Eldoret Bible College has made me a more empathetic and balanced leader. As a result of sharing some of the teachings with my wife, we started a formal 12-weeks marriage counseling class with a formal curriculum and for two years now we have successfully trained two cohorts of 7 couples through pre-marital counseling and today they are happily married.

CAROLINE MUOKI
STUDENT LEADER, KITENGELA
CAMPUS

My testimonial

"It is a great privilege to be a student and a first women class representative of EBC. I had searched for quality and affordable bible educational program and indeed EBC has proved to be the best among top competitors. Under the stewardship of our able director Dr. Ambani we have witnessed the college soar from glory to glory with an upward trajectory. I have gained tremendously knowledge wise and spiritually which has helped me soldier on in ministry. I appreciate the opportunity given to me to be part of this great family, I urge other bible scholars to join EBC a place of impartation for changing leaders to change the Christians to change the world.

REV. JANET LIKAVO
EBC ALUMNI

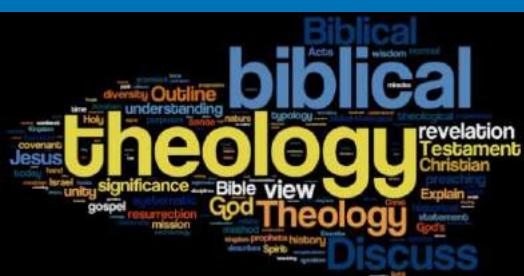

After being in ministry for some time and serving God in various capacities, I discovered that the pastor's wife plays a major role in the growth and stability of the church. I also discovered that prayer, anointing experience is not enough. I knew my calling but I needed some knowledge to help me serve God in a better way.

As the ministry was growing I would try to fit here and there in various departments as need arose, but I could not really fit in some of them. One day I was introduced to Eldoret Bible College by one of the Alumni. In college, I studied a course called understanding your temperaments. This changed my perception in my own personal life, my family and the entire ministry God has entrusted us together with my husband. I have been able to understand why I behave the way I do. I am now able to understand why my husband who is the designated visionary behaves the way he does. I can be able to understand why my children who are now grown ups and members of the congregation why they behave the way they do. Initially, I could try to be here and there but now I can fit in the vision very well because I understand my temperaments and the temperaments of my husband very well. We both fit and complement one another in this great vision the Lord has entrusted us with. It has been a journey over the years but I am grateful unto the Lord. Together we are a great team. Disagreements are rare and very few issues to deal with because I now know and understand my temperaments.

After sometime, I came back again to study and in college I was taught how to write a proposal, how to do research, how to write a thesis and how to defend a thesis. And now with prayer, knowledge, experience, anointing and exposure, I can now boldly serve God with understanding. With the knowledge I got, now I have been inspired to write a book which I will be rolling out very soon called 'THE PASTOR'S WIFE'.

In Hosea 4:6... my people perish for lack of knowledge.

My life, my family, our ministry has never been the same again because I got knowledge. Thank God for the visionaries of Eldoret Bible College, Dr. John Polis and Dr. Rebecca Polis for being visionaries of this great work and Dr. Ambani the Director for pioneering Eldoret Bible College. God has used you to change the lives of many. I will always be grateful to God. May God bless you.

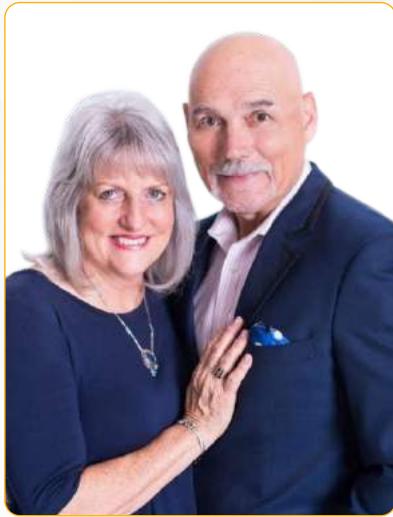

Eldoret Bible College goal is to offer affordable training to get as many as we can trained. Partner with us and support a needy student train:
